

RAKENNUSTIETO >

"Part B for ventilation components" (NPCR 030) of EPD Norway has been adopted as a Rakennustieto c-PCR_001 with following adaptations and specifications:

- All references to "NPCR part A" or "Part A" or "EPD-Norway's guidelines" are replaced with references to RTS PCR (12.11.2024).
- If there is an applicable UN CPC code for the product, it shall be stated in the EPD (in the product description section).
- Guidance and requirements of RTS PCR (12.11.2024) and EN 15804:2012+A2:2019/AC:2021 not referenced to in the PCR also apply.

The PCR is downloadable at <https://www.epd-norge.no/pcr/pcr-register/npcr-030-2021-part-b-for-ventilation-components-references-to-en-15804-a2>.

Prepared by EPD Norway, VKE, GK Inneklima AS, Flexit AS, TROX Auranor AS, Lindab Ventilation AB, Lindab AS, Østberg Norge AS, Erichsen & Horgen AS, Armatur Jonsson, Statsbygg, Swegon AS, Trondheim Municipality, Swegon AB, Swedish Ventilation Association

This PCR has been accepted by RTS Principal committee 42 on 12.11.2024.

This c-PCR shall be taken in use 6 months after it has been accepted in Principal committee.
